BY DR. KENNETH FOREMAN

CHRIST SUFFERED

Lesson for March 25, 1956

WHENEVER we ask, "Why?" about anything that happens, we can mean the question in either one of two ways. Sometimes we mean both. Perhaps we mean to ask, "What were the events that led up to this one? What were the causes or forces back of this event, pushing it, so to speak, out of the Not-Yet into the Now-and-Here?" Or perhaps we mean to ask, "For what purpose did this event take place? If it was a means to an end, what was the end? Did any man, or did God, have a purpose in bringing this event to pass?"

If we ask, "Why did Christ suffer?" We can mean it in the first way mentioned just now. In that case, the answer is very easy to see, or the answers rather, for there was no one reason why he was crucified. Jesus suffered because Pilate was a coward; if the governor had stood up for what he knew was right, Jesus might have been saved from an unjust sentence. Jesus suffered because the Pharisees were jealous and had found no other way of getting rid of their most troublesome critic. He suffered because he was courageous; if Christ himself had been timid, he could have avoided Calvary simply by keeping quiet and leaving the country.

He Died for Our Sins
 All such reasons it is the business of history to ferret out, and it is of some importance to know them. But the other question is not so easy. No historian, as a historian, can see it. Only the eye of faith, (which may indeed belong to historians too) can see the great pattern into which this dreadful event fits, this dreadful event of the death by torture of the best person who ever walked this earth. We could not have guessed it. We need God's Word to tell us what it means.

What purpose did God have in mind? What was Jesus' own intention? We know what Jesus said the night before, to his disciples as he gave them the cup: This, he said, was the cup of the New Covenant, "in my blood," poured out "for you." We know what he had said months before (Mark 10:45), that he came to "give his life a ransom for many." Now the Bible tells of a Christ who was totally, from his soul's core, at one with God the Father. What Christ intended, God intended. Christ's death was for a purpose which God had had (as the Bible expresses it) from before the foundation of the world. It was not for his own sake, it was for the sake of his friends. Even more, it was for many who were not his friends. "While we were yet sinners, Christ died for us," Paul says (Rom. 5:8). "He is the explanation for our sins, and not for ours only, but for the sins of the whole world," John says (1 John 2:2).

How Can This Be?
 Many people fight shy of this great truth. Sometimes they are slow to believe it, because it seems too much to believe. Here I am, a single human being on a small planet. Would the Creator of the Universe actually go—not to trouble only, but to agony and defeat, for my sake? Well, if a person thinks that way, we must admit to him that it is indeed a miracle, the greatest conceivable. But there is another reason why people are shy about believing that Christ could have died for our sins, for anybody's sin. How can one man's suffering alone for another man's sins? There are two answers to that, which are part of one answer. One is that Christ was not just a man, he was the Godman, "God-made-man." The other is that he identified himself with sinners, with the worst and weakest, the race of man.

His Death Was in Character
 Jesus' death at Calvary was not out of line with his life. If there he "took the rap for sinners" as Dr. Hordern puts it, this was not a new and sudden shift in his life-purpose. From the beginning of his service in this world he had been closely identified with sinning men that he was called in scorn "friend of sinners" and indeed at last executed as a criminal. No wonder Paul can say, "He who knew no sin was made to be sin for us." Yet this remains all over our heads unless we too identify our own selves with him. To say "He is the Savior of the world" is not enough. The final step is to discover, "He is my Savior. For He took my place."

SEEK YE FIRST THE KINGDOM

A Wheel Chair Churchman

HOW WONDERFUL, if there were no troubles or handicaps to worry or disturb us. Failing of our eyes, or the need for crutches, or the necessity for a wheel chair—these could make our lives richer and our faith stronger. By nature we are imperfect. When we go it alone, we are not capable of perfect decisions nor deeds. There is one greater than we who stands ready, willing, and anxious to help us.

To Him we must look for guidance; and we can best understand His will for us by attending His Church here on earth. Go to church this Sunday and every Sunday, even if it must be in a wheel chair. It takes our contributions, our prayers, our presence.

Both our church and our faith grow when we are in the pew.

YOU IN THE CHURCH

THE CHURCH IN YOU

Church is a part of the church in you. It is a part of you that is ready to be used for the service of God and man. It is a part of you that is ready to be used for the service of God and man. It is a part of you that is ready to be used for the service of God and man.

CALLING ALL ANGLERS!

Allen Lloyd, Lakeland, Ky., was pretty excited when Cliff Munz, owner of Fun Fair, Inc., Shelbyville Plaza, called to tell him he had won the rod and reel in a drawing at the store this week. Only difficulty was, he already had plenty of fishing equipment. So Munz agreed to let him trade in the prize for a 22 caliber rifle. One difficulty presented itself as Lloyd was ready to leave the store with his new gun. He'd

already told all his friends he'd won a rod and reel. Munz solved his dilemma in quick order. He tied a piece of string complete with fish hook on the rifle. Might start a whole new trend in fishing.

"First you hook 'em and then you shoot 'em," said Munz.

Humility leads the strength. It is the highest form of self respect to admit mistakes, and make amends for them.

THE GRAPE VINE

By Jane Brinley Guya

Mrs. Mayme Miller of Covington, Ky., was the house guest last week of Mr. and Mrs. B. E. Brinley.

Sunday, the catlin' was "High on the hog" when Mr. Brinley produced a country ham from some secret dark hiding place of his, and he and Mrs. Brinley entertained with country ham dinner (um good!) in honor of Mrs. Mayme Miller and Cadet Lewis Guya, who returned Sunday afternoon to MCL at Millersburg after being home a week for spring vacation.

Other guests who enjoyed the savory country ham dinner were Mr. and Mrs. Herbert Crisler and daughter Lois, Covington, Ky., Mr. and Mrs. Lewis Guya and Billy Guya, Sue Ann, Francis Lee and Boots Miller.

Can't resist at this point bringing up the subject of the weather last Sunday. Have you ever seen such a variation. Sunshine, rain, sleet and on route to and from Millersburg when we were driving, rain and cold Sunday evening, we drove in and out of one blinding snow flurry after another. March is indeed presenting us with a variety of spicy weather this year. Makes one wonder if we hadn't better get some red flannels for the Easter parade this year.

Being a news hound, I try not to miss an opportunity to question anyone who happens to be around as to what's new. So Ted Wright (Middletown Cleaners end of plug) just poked his nose in to pick up the cleaning. Asking Ted what was new, he came up with the news that his No. 1 son, Teddy, is having his tonsils out Thursday at St. Joseph's Infirmary. So by the time you read this, he will be all over and Teddy will be sans tonsils and doing fine we hope.

CHURCH NEWS

A special Easter musical program will be given at the Baptist Church Sunday night, March 25, at which time congregational singing will be emphasized, led by the 21-vocal senior choir and a 25-piece junior choir. The musical program will be directed by Mr. Pete Butler, of the Seminary School.

The Friendship Class of the Baptist Church will hold its St. Patrick's Day party at the church Friday, March 24.

The Middletown Methodist Church will hold its Easter Day "unrise Service" at 8:30 a.m. at the Rocky Run Farm, home of Mr. and Mrs. Walter Beaman. Services will be held at the site overlooking the lake. The speaker will be Mr. Sam Adkins, of the Sunday Department of The Courier-Journal. Coffee and doughnuts will be served after the services. In the event of bad weather the service will be canceled.

Regular Easter morning services will be at the church at 8:45 and 11 a.m.

The Middletown Methodist and Christian Churches are uniting in Holy Week Services. All services will be held at the Methodist Church.

James H. Bates
Elementary School

With riddle snows and blustery winds, spring has reluctantly crept into our school environment as can be verified by certain definite indications. First, signs are more rabbits and tadpoles on the buses and in the classrooms. Second, we are housing more snakes and salamander eggs per quart jar. Third, more blue jeans are sagging and rattling as the boys and girls are jumping and running. And, too, the number of jumping rope, model airplanes, and softballs certainly herald the approach of fairer days while ignoring the lingering chill and dampness. Spring, it seems, is intuitive in young people.

The boys and girls of our school wish to express their hope for a rapid recovery to Wayne Tyler, a friend to one and all of our youngsters. Wayne, who regularly visits the school and entertains our assembly programs with his lively accordion, has been battling a virus the second month and is now looking forward to an Easter "outing." A giant get-well card, bearing over 700 pupil signatures, has been sent to this personable young performer and it carries our sincerest wish for his complete return to a busy whirl of musical and social activities.

Come up and see our minstrel and variety show this Friday and Saturday, March 23 and 24 at 7:30 p.m. See performances by

Oak Grove News

By Mrs. M. B. Graham

Mrs. Josephine Bean, 89, passed away Friday after being on the sick list for several years. She lived with her daughter, Mrs. James Helm, on Thilston Lane, where she cared for her like a baby. The body was at the McAfee Funeral home in Mt. Washington, where the funeral was conducted at 2 p.m. Sunday. Burial was in Bethel Church Cemetery.

Mr. M. B. Graham, who has been quite ill for two weeks, is able to be up part time. Dr. Bowen, of Mt. Washington, is treating him for high blood pressure and a heart condition. He has a good appetite and, no wonder, as our neighbors and friends brought him almost every good thing one could think of. He wishes to thank each one for their thoughtfulness which will never be forgotten.

Mrs. Vernon Smith is the sick list this Monday morning. We hope for a quick recovery. Mr. and Mrs. Miles Franklin were Saturday evening guests of Mrs. Carrie B. Smith.

Mrs. Ethel Thacker was able to attend church services last Sunday at Oak Grove. We hope to see her soon.

Mrs. John Wise is reported on the sick list, we hope to hear she is better soon.

Mrs. John and Robert Covington, delightfully entertained at supper Saturday for Mr. and Mrs. Marvin King and Mrs. J. T. Smith, Alice and Sharon, Mr. and Mrs. Chester Farmer, Mr. and Mrs. Harvey Tyler and Linda, Mr. Pete Kaufman and Jimmie Covington.

Mr. and Mrs. Albert Berger were in Louisville Saturday as guests of her brother, Mr. Lister Simpson, and Mrs. Simpson.

Dr. B. S. King and Mrs. King, Louisville, were recent dinner guests of Mr. and Mrs. J. C. Hays, Marietta and Johnie.

W. W. STUTZENBERGER

A retired Hikes Point truck gardener, William W. Stutzenberger, 62, died at 4:20 a.m. Monday in Norton Memorial Infirmary. He lived on Hunsinger Lane where he had farmed many years before his retirement.

Mr. Stutzenberger, a member of Bethel Evangelical and Reformed Church, St. Matthews, leaves his wife, Mrs. Clara Willett Stutzenberger; three daughters, Mrs. George Buckner, Campbellsville, Mrs. Louis Schuster and Miss Emily Stutzenberger; a son, William Stutzenberger; two stepsons, Lloyd F. Willett, Bainbridge, Md., and Benjamin O. Willett; two brothers, Charles Stutzenberger and John Stutzenberger; two sisters, Mrs. Otto E. Kaelin, and four grandchildren.

OBITUARY

CHESTER A. TYLER

Chester A. Tyler, 75, a retired Jeffersontown farmer, died at 4:30 a.m. Wednesday. He was born and reared in the Cedar Springs community and was a member of the Cedar Springs Church of Christ.

Survivors are a son, Vernon Tyler, New York City; two daughters, Mrs. Robert Rogers, Miami, and Mrs. Stern Branson; four brothers, Ben Tyler, Claude Tyler, Ernest Tyler and Roger Tyler; a sister, Mrs. Eunice Tyler; five half-sisters, Mrs. Leo Kaufman, Mrs. Clifton Stout, Mrs. Thomas Simpson, Mrs. Charles Shako and Miss Emma Tyler; four half brothers, Charles Tyler, Walter Tyler, Levi Tyler and Harvey Tyler and three grandchildren.

LEGAL NOTICE!

Notice is hereby given pursuant to the provisions of House Bill No. 210, enacted at the regular 1933 Session of the General Assembly, that the persons whose names are set out below, have filed with the undersigned as Clerk of the Jefferson County Court, an application for a permit to be issued by the Jefferson County Court authorizing the operation of a Road House, Tourist Camp or place of public entertainment.

On Tuesday, April 3, 1956, at 10 a.m., at the Jefferson County Court House, the County Judge will proceed to hear evidence in support of the granting of a permit on said respective applications, or in opposition thereto.

Fern Creek News

By Mrs. H. M. Downey

Mrs. Lella Wyatt and five children spent Saturday until Wednesday last week with her parents, Mr. and Mrs. H. M. Downey. Mr. and Mrs. C. D. Powell and son were guests Saturday until Monday.

Mr. and Mrs. Ogden Smith were supper guests Thursday evening of Mr. and Mrs. C. C. Smith. Mr. and Mrs. Julian Smith were supper guests Friday, Sunday, Mr. Pete Kaufman and Jimmie Covington.

Mr. and Mrs. Albert Berger were in Louisville Saturday as guests of her brother, Mr. Lister Simpson, and Mrs. Simpson.

Dr. B. S. King and Mrs. King, Louisville, were recent dinner guests of Mr. and Mrs. J. C. Hays, Marietta and Johnie.

Mr. Tom Parrish butchered a beef Saturday for the deep freeze.

A card from our friends, Mr. and Mrs. Leo Ziegler, who are in Florida having the time of their lives, Grapefruit and oranges in abundance and many beautiful flowers. On their way down, peach trees in Georgia were in full bloom.

Mr. and Mrs. Vernon Smith had supper guests Mr. and Mrs. Cletus Flecher and Michael, Mr. and Mrs. Manson Isaac, Joyce and Janet, also Miss Vivian Smith. Afternoon guests were Mr. and Mrs. Henry Breitenstein.

Mr. M. J. Albert is getting fatter. He has a real boat with a top parked in the drive-on wheels.

Sgt. and Mrs. William Downey and children, Fort Knox, were dinner guests of Mr. M. W. Downey Sunday. They are to

leave Fort Knox May 8 and a delay on route gives them until May 22 to show up in New York

for a three-year tour in Germany with the 3rd Armored Division. Sgt. Downey has just recently spent two weeks in school in Toledo, Ohio, and one week in Indianapolis, Ind.

The Fern Creek Methodist Church gave a blessed event shower for Mrs. Clifford Christian last Friday evening. Mr. Christian is choir director.

Mrs. Nannie Kate Harris, who formerly lived near Fern Creek, honored at a birthday party Saturday at her home in Strathmore.

Death claimed a beloved sister, Mrs. Bessie Powell, early last Sunday morning. Mrs. Powell worshipped with us just two weeks before and apparently was in good health.

TROOP 79 NOTES

Sixteen Girl Scouts of the intermediate class of Troop 79, Jefferson, have completed their tenderfoot rank and have become second class Scouts. They were invested at candlelight ceremony last Thursday night.

Those receiving pins are Sharon Anderson, Jo Ann Coward, Barbara Greenwell, Carol Haas, Joyce Heflich, Sandra Kay Hewitt, Donna Rae Higgins, Mary Jane Jeffries, Terry Leonhart, Sandra Marcusa, Metta Nieher, Judy Olges, Jackie Quick, Alice Ruckriegel, Patricia Spruill and Charlene Wall.

Leaders are Mrs. Winston Shelton and Mrs. Charles Swan.

United Church Women Plan Annual Meeting

The annual meeting of the United Church Women of Jefferson is scheduled for 10:30 a.m. March 28 at the Jefferson town Methodist Church. Election of officers will be held in the morning session. Luncheon will be followed by the afternoon program with Mrs. Lyle Baker as speaker. Mrs. Abby Clements Jackson, state officer of the Church Women of Kentucky, will be guest.

Each month we have a sale of homemade goodies. So far this year we have collected \$42.50. The major lesson on sewing was given by Mrs. Robert Mackay and Mrs. William Stammel. Mrs. Melvin Bates, publicity chairman.

RALPH WHITE ELECTED PRESIDENT OF K.D.A.K.

Ralph White, Owensboro, was elected president of the Dairy Products Association of Kentucky at the organization's 31st annual convention this week in the Seabach Hotel, Louisville.

Other new officers are K. F. Dietiker, Bowling Green, first vice president; William W. Macdonald, Louisville, second vice president, and P. K. Hollenbach, Louisville, treasurer.

J.TOWN ROTARY

Plans for Rotary Appreciation Week May 21-27 under auspices of Optimist International were discussed by Jack Quick, president of the local unit, at Thursday night's meeting of the Jefferson town Rotary Club. Visitors included Jefferson town's new chief of police, Adolph Mahoney.

HOMEMAKER CLUBS

WRIGHT VIEW

The Wright View Homemakers met at the home of Mrs. Elroy Shaffer on Lovelace Lane for their March meeting.

Mrs. C. Timmons called the meeting to order. Mrs. H. Reaves led the club in devotion. Mrs. S. Hornbuckle gave a very good lesson on setting sleeves in dresses.

After lunch our business both old and new was taken care of at which time Home Demonstration Week was discussed and also plans were made to give the returned children at the Wesley House a St. Patrick's day party March 16.

Mrs. Pfeiffer, our recreation leader, then had several good games planned after which the club adjourned to meet April 11 at the home of Mrs. Coy Forbush Lane. - Mrs. J. L. Blaser, publicity chairman.

FERN CREEK

The Fern Creek Homemakers met March 14 at the home of Mrs. Marcus Greer with Mrs. Oscar Silvers as co-hostess. There were 20 members and one guest present.

Each month we have a sale of homemade goodies. So far this year we have collected \$42.50. The major lesson on sewing was given by Mrs. Robert Mackay and Mrs. William Stammel. Mrs. Melvin Bates, publicity chairman.

FEEDER'S NOTEBOOK

By Emmett Mitchen
Graduate Feeding Advisor

GET FEED BEFORE TURKEY POULTS EARLY

The quicker turkey poultlets get feed and water after they come from the incubator, the better are their chances to live and gain weight rapidly, according to research conducted by the Ralston Purina Company at its research farm near Gray Summit, Mo.

The Purina experiments were designed to answer the question of how often poultlets should be fed after they are placed in the brooder. Results showed that they should be fed as soon after hatching as circumstances will allow.

Three separate feeding tests involving 618 Bronze poultlets were conducted. Some were fed mash, others pellets. One-third of the poultlets were fed and watered 24 hours after hatching; one-third 48 hours, and one-third 72 hours.

Poultlets that had to wait 48 and 72 hours for feed and water lost weight rapidly, suggesting a seriously weakened condition.

For every hour that feeding was delayed after the poultlets arrived from the hatchery, mortal-

ity increased at the rate of one half of one per cent for the first six weeks. Every hour of feeding delay brought an average of one-fourth of one per cent less weight at six weeks.

This data offers several practical applications to turkey growers. It indicates that if all other factors are equal, it is safest to buy poultlets from a nearby hatchery, so that there won't be a long shipping delay before getting them on feed and water. It suggests that if poultlets have to be shipped any distance, they should be carefully culled and selected, because under these conditions high livability could be expected only from the sturdiest stock.

And above all, it suggests that turkey growers should give their poultlets feed and water no later than 48 hours after hatching.

A constantly swelling government is a sure sign of the moral sickness of the people under it. Governments swell when and because the people shrink—Clarence Manion.

Jefferson County CHECKERBOARD NEWS

by Emmett Mitchen
Check-R-Board Feed Store
315 Baxter — Louisville, Ky.

PICTURED ABOVE IS MR. R. C. O'BRYAN, ALONG WITH several cows from his Holstein herd. Mr. O'Bryan is Farm Manager at St. Thomas Orphanage of Anchorage, Ky. Mr. O'Bryan has had his herd of Holsteins on the Purina Program since May 1st, 1953. Last Friday when I called on Mr. O'Bryan I found him cleaning out the chicken house. We talked a while about chickens and then the talk got around to the dairy. He asked if I had time to take a look at the cows, so then we went down to the feeding barn. Mr. O'Bryan has a unique hillside barn with silo. This is a combination feeding and loafing barn. Silage and hay are fed in this barn to the milking cows. Calves, growing heifers, dry cows and the herd bull are housed and grain-fed here. They have a separate barn where milking cows are driven in for grain feeding and milking.

We looked the herd over and I commented about how good the body condition of the milking cows was, as well as the replacement heifers. I asked how many heifers he had coming on and Mr. O'Bryan said, "We now have 32, and I am afraid we have too many as we want to maintain about a 22-cow dairy. We've kept only heifer calves out of our best cows, but by bringing heifers into the milk line at two years of age, and conditioning and resting our dry cows for 60 days, we haven't had to have replacement heifers that we used to need before we went on the Purina program."

Mr. O'Bryan attributes the improvement of his herd to three factors: culling cows out that were not profitable in the milking herd; feeding D & F cows to his dry cows 60 days before freshening and 30 days after, and raising heifer calves on the Purina Replacement Program.

This herd from May 1st, 1953, until April 30th, 1954, had a milking average of 8,972 lbs. per cow and after conditioning the dry cows and following a good culling program, this figure was increased by 2,264 lbs. from May 1st, 1954 to April 30, 1955, to 11,060 lbs. average production. These are all actual figures as the milk is weighed EVERY DAY.

This is certain proof that it pays to follow the Purina Program of Best Breeding — Sound Management — Good Sanitation — Purina Dairy Cows for condition feeding.

NICARBAZIN BEST "COCCI" PROTECTION TESTED YET

Purina Starline is now available with Nicarbazin. Nicarbazin is a "coccidiostat" that prevents coccidiosis in young chicks. It is a new "Cocci" preventative. No Nicarbazin resistant "Cocci" strains have been encountered to date. So, for added

protection against "coccidi" order your Purina Broiler Chicks, Chick Starters and Chicks with Nicarbazin added. Costs only a little more than regular Chicks.

For custom grinding or mixing on your farm, call CLAY 3967 or 8407. Use your grain and our supplement for a balanced ration.

Now Is Time To Kill Wild Garlic

Attention of farmers generally is called to the importance of treating pastures at this time for the control of wild garlic (miscellaneous wild onions) in pastures.

Dairy farmers of the state sustain a considerable loss every spring due to garlic in the feed. According to Dr. Dwight M. Smith, head of the dairy section of the UK College of Agriculture and Home Economics. He described the situation as "very serious" for the first two to four weeks that cows are turned on spring pastures, with 20 to 50 per cent of the milk carrying this flavor. Much of it is retained by milk plants in the udder, due to the unpalatable, garlicy taste.

Although the nutritional value of the milk has not been changed, the natural flavor is destroyed, he said.

The garlic flavor is also noted in butchered beef from herds grazing on garlic pastures. It has been found, however, that such a situation can be averted by taking the beef animal off the infested pasture a few days before butchering.

Wild garlic is also a source of trouble to farmers growing small grains and grass seed, and garlic, which is sold at a satisfactory price. The top bulblets of the garlic and the wheat ripen at the same time, and when threshed, the seeds are difficult to separate.

Wild garlic can be controlled fairly well by the use of 2, 4-D sprays. Directions for their use may be found in Leaflet 151, "Control of Wild Garlic," 4-D," by J. P. Freeman. The county agent, or the UK Experiment Station, Lexington can supply copies.

High View News

By Mrs. Joe Baese

SURGEON-BOCKENHOGEN

Saturday, February 18, at 5 p.m. Miss Glenda Surgeon, daughter of Mr. and Mrs. William Surgeon, High View, was married to Cpl. William E. Bockenbogen, Jr., of Camp Lejeune, N.C., son of Mr. and Mrs. William Bockenbogen, Sr., of Madera, Calif.

The ceremony was performed in the post chapel by a chaplain of the Church of Christ. Miss Emily Surgeon was the bride's maid of honor.

Sergeant B. Ziglione was the best man.

Given in marriage by her father, Mr. William Surgeon, the bride wore a white lace and net ankle length gown and carried white orchids. The maid of honor wore a taffeta and carried a bouquet of pink carnations.

A reception was held at the home of Mrs. and Mr. Robert Harrison, Midway Park, Camp Lejeune, N.C.

Other out-of-town guests were her grandmother, Mrs. J. P. Swartz, Louisville, and Mr. Robert Day, Louisville.

We wish for this young couple a long and happy life together.

We had 151 in Sunday School last Sunday up from our regular Sunday before which was 120. Brethren with the singing group went to Cherry Street Church in Jeffersonville Sunday afternoon for a young people's rally.

Some of our sick are better. Glad to see Joanne Barker back at church. Mr. Ernst was brought home from the hospital Sunday.

Polly Brown is on the sick list. Others are Mrs. Dorothy Hatfield, Mrs. Bessie Brentlinger, Mrs. Katherine Higgs and Mrs. Carolyn Peak. Mr. John Stevens remains real sick.

Mr. and Mrs. Adrian Fields are the proud parents of a baby girl.

The children of Mrs. Lorraine Darnell are the chicken pox.

Mr. and Mrs. Don Wright and baby were Sunday dinner guests of Mr. and Mrs. Bud Wright.

Very glad Mrs. Edna Downing was able to be back in church Sunday.

Sunday guests of Mr. and Mrs. Richard Cox were Miss Louise Cox, Mrs. Mary Lee Cox, and Mr. and Mrs. Dan Fulkerson who have been spending some time with her parents, returned to her home in Louisville for almost two years.

The ladies' almsday meeting was held last week in the church. Another quilt was set to gether and a letter about the quilt.

Our next meeting will be Wednesday, March 28, at the home of Mrs. L. M. Mason.

Mr. Danny Fulkerson who has been near pneumonia in the Baptist Hospital is better and is at home now. We hope he will soon be out again.

Sunday afternoon callers of Mr. and Mrs. Thomas Boston and son, Billy Ray, Mr. and Mrs. Hilary Bate.

Mrs. Sadie Downing is better. Her new hair is looking fine from work with strap throat.

Mrs. Katie Van Hill is suffering with an attack of laryngitis.

How to Make a Seed-box With Automatic Watering

Here is a hole in the bottom of seed flat.

When seeds are started in a seedbox, either indoors or out, an abundant and continuous supply of water is vital to their progress.

This has been demonstrated by several years of scientific research.

Methods of insuring an optimum water supply have been worked out which are now widely used in commercial greenhouses throughout the country.

For amateur gardeners, several methods of automatic watering have been devised. One of these is the seed box.

This may be used indoors or outdoors. If the seed box is provided with drainage, which will prevent flooding in a rain. A wick-watered box is easily prepared as the illustrations show. First, a hole is bored in the bottom of the box. Through this hole a wick eight inches long is drawn. The top of the wick is frayed and is bedded in the soil which fills the box. The bottom drops into a pan below. As long as the wick is in the pan, the soil will keep moist, and your seedling plants will not suffer from lack of it.

If a large pan is used, enough

Insert a piece of clothes line.

Wick lifts water from pan below to soil above.

water for several days may be worked out in the few weeks necessary to bring up plants, but will use too long it will deteriorate. The degree of moisture maintained in the soil of the box may be controlled to some extent by varying the height of the box above the pan, but be careful not to get the box so high that the wick ceases to operate.

The best material for a wick is fine glass, which is sold for the purpose, and which will last for years. A piece of new clothes line will also serve for the few weeks necessary to bring up plants, but will use too long it will deteriorate. The degree of moisture maintained in the soil of the box may be controlled to some extent by varying the height of the box above the pan, but be careful not to get the box so high that the wick ceases to operate.

an enormous rate. It takes 2 or more inches of water per acre of crop for each application of water. This is almost 65,000 gallons each time one acre is irrigated. Most crops must be irrigated two to four times during the growing season.

Ponds located near farm buildings afford considerable protection against fires. Many Kentucky counties have fully equipped rural fire departments. But unless there is an adequate water supply nearby, they are largely ineffective.

Recreation is as necessary for farm people as for their city neighbors. Farm ponds furnish recreational facilities — swimming and fishing. The latter feature has an economical value. A pond with one-acre surface area can furnish up to 350 pounds of fish if properly managed.

It is obvious that many more ponds are needed and will be built in Kentucky. In many of the state's 122 soil conservation districts, more than 100 ponds are built each year. Through the efforts of the Soil Conservation Service, the Extension Service and others, they are being built much larger, many storing as much as one acre-foot of water.

Because of the interest farmers are taking in building ponds, they are doing more talking about the water. They are looking for the land a part of the rainfall for the time when droughts usually damage crops, or livestock needs water. This is a worthy practice and a necessity for water conservation.

Shepherdsville Road

By Mary Owen Fisher

Miss Jan Martha Porter is being kept home from school with a case of mumps.

Mrs. Hedwig Plapp and little Miss Ingeborg Plapp were in Louisville Saturday shopping.

Mr. and Mrs. W. H. Hatfield and son, Skipper Hatfield, were dinner guests Sunday night of Mr. and Mrs. W. H. Hatfield, at St. Matthews.

The Rev. C. H. Skelton was called from Wilmore Saturday afternoon to assist with the funeral of Mrs. John Shaw at Shepherdsville. His friend and roommate, Richard Lively, came with him. Don Hill Proctor was his luncheon guest Sunday.

Mrs. and Mrs. H. R. Gotthardt Louisville, visited their daughter, Mrs. J. W. Hatfield, and family Saturday.

Mrs. Mary Fisher was an all day guest Thursday of Mrs. Inez Lee.

The Rev. W. T. Gardner, pastor of Pleasant Grove Baptist Church, is in the Baptist Hospital where he underwent surgery. He is doing as well as could be expected, but we have not learned just when he will come home. Mr. Gardner is with him. The

boys, Billy and Truitt, are with their grandparents, Mr. and Mrs. W. R. Gardner, at Cave City.

The Rev. C. H. Skelton filled the pulpit at both services Sunday at Pleasant Grove. Accompanied by his guest, Richard Lively, they were dinner guests Sunday night of the L. M. McKinney family at Shepherdsville.

The burial of Mrs. Josie V. Beam was in Bethel Cemetery Sunday afternoon following services conducted by Forest Hunt, minister of Oak Grove Church of Christ, at the McAffee Funeral Home at Mt. Washington. Mrs. Beam was 69. She and her husband, Mr. Thomas Beam, were residents of the Bethel community several years ago. After Mrs. Beam's death, she had spent her time with her children. She died at the home of a daughter, Mrs. James Helm, on Thorton Lane.

Other children are Mrs. Maude Bright, Mrs. Ollie Bumgardner, William T. and Elbert Beam. She also leaves 16 grandchildren, 26 great-grandchildren and two great-great-grandchildren.

Times have changed in fence building

With the Danuser Post Hole Digger, mounted on the Ford Tractor, you can now dig hundreds of post holes in a single day... sitting down. Some difference from the old days!

There is only one right way to build a fence and that's as straight, true and strong as possible. The easier a job is to do the better your chances of doing it right. The Danuser Digger, mounted on the Ford Tractor, digs post holes faster, cleaner and easier than any way yet found. If that part of the job is done right, you are well on your way to building a good fence... and you can depend on doing it right with the Ford Tractor and Danuser Digger. Don't take anyone's word for it... you'll appreciate this great tool most if you try it yourself. See us soon and try the Danuser Post Hole Digger at your convenience, on your own farm.

ORDINANCE

AN ORDINANCE OF THE CITY OF JEFFERSONSTOWN, KENTUCKY, FOR POSTING AND INITIATING PROCEEDINGS TO AUTHORIZE, CONSTRUCT AND FINANCE THE IMPROVEMENT OF LOCUST AVENUE AND WILLOW AVENUE, IN SAID CITY, AT THE COST OF THE PROPERTIES BENEFITED THEREBY ACCORDING TO THE "ASSESSED VALUE" BASIS PURSUANT TO THE PROVISIONS OF A NEW LAW ADOPTED AND PASSED BY THE GENERAL ASSEMBLY OF KENTUCKY AT ITS 1955 REGULAR SESSION AND PRESENTLY IDENTIFIED AS HOUSE BILL NO. 389.

WHEREAS, Locust Avenue and Willow Avenue, contiguous public ways in the City of Jeffersontown, Kentucky, have never been provided with any sort of permanent or all-weather surface of adequate facilities for the drainage of surface waters, and said public ways are in poor condition and in need of improvement; and

WHEREAS, it is the opinion and judgment of the Mayor and the Board of Public Works that said public ways should be provided with an all-weather surface and appropriate facilities for the drainage of surface water; and that all properties abutting said public ways will be benefited by the construction of such facilities; and that their respective values as presently assessed and as the same may be assessed from time to time in the future for City tax purposes (this reference being to assessments made from time to time by Jefferson County, Kentucky) and that the financing of such improvement should be undertaken at the cost of the said abutting and benefited properties according to the "assessed value basis," as authorized by law, in a law, presently identified merely as "House Bill 389," of the General Assembly of Kentucky at its 1956 Regular Session, and signed by the Governor on or about February 23, 1956.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF JEFFERSONSTOWN, KENTUCKY, DOES HEREBY ORDAIN, AS FOLLOWS:

SECTION 1. Announcement is hereby made that the City of Jeffersontown, Kentucky, proposes to improve Locust Avenue extending from the westerly line of the present pavement on Maple Road to the northerly line of the present pavement on Watterman Trail, and Willow Avenue, extending from the northerly line of the existing pavement on Watterman Trail to the end of the present pavement on Willow Avenue at the southeasterly line of the present pavement on Watterman Trail, and the improvement of the proposed to be constructed consist of a pavement twenty feet in width, constructed of a base of seven (7) inches of water-bound macadam and a surface of bituminous concrete as a surface course, or a base of five (5) inches of penetration macadam with a one and one-half (1 1/2) inch bituminous concrete surface course with ditch or swales on either side thereof, properly graded or sodded where required, together with necessary culverts and storm sewers to provide adequately for the disposal of surface water and storm drainage; said project to be undertaken at the cost of the properties which will be benefited thereby, which are hereby found and declared to be all real properties abutting upon said Locust Avenue and Willow Avenue. It is proposed that said street improvement project be financed through the issuance by the City of Jeffersontown, Kentucky, of its "Improvement Assessment Bonds," payable as to principal and interest solely from annual assessments to be levied upon the benefited

properties upon the "assessed value basis," as authorized and provided for in an Act identified as House Bill 389, enacted by the General Assembly of Kentucky, at its 1956 Regular Session and signed by the Governor on or about February 23, 1956. The City has been furnished a written preliminary estimate of the cost of said project in the sum of Thirty Thousand Dollars (\$30,000.00), which includes the fees of the Engineer and Fiscal Agents and all other costs and incidental expenses of the project. It is provided in the above-mentioned law that the estimate of the project shall be determined by the City Council after construction bids have been received upon an advertised, competitive basis, whether the same turn out to be equal to, lower, or higher than the preliminary estimates of the Engineers. The City will not be bound by or limited to such preliminary estimate of costs, but provides the same for the general information of the owners of properties to be benefited by said project. The City does not propose to appropriate any part of the costs of the project from general City funds.

SECTION 2. Pursuant to the requirements of the above-mentioned law, the City Council, at its regular meeting, held on the 21st day of March, 1956, at the hour of 7:30 P.M., at City Hall, and public notice thereof was given. At said public hearing any owner of property to be benefited by said proposed project may appear and be heard, in person or by legal counsel, or other authorized representative, as to (a) whether the proposed project should be undertaken or abandoned; (b) whether the nature and scope of the project should be altered; (c) whether the project, if undertaken, shall be financed through the issuance of bonds according to the "assessed value basis" authorized by the above-mentioned law, or (d) whether the project, if undertaken, shall be financed through the assessments made and proportioned on a "front foot basis," as otherwise provided by law.

The Mayor, in his absence, a member of the City Council, shall preside at said public hearing and a record of the proceedings had thereat shall be made by the City Clerk, or in his absence, a person designated by the Mayor for that purpose, and a written report of such proceedings shall be submitted to the City Council at its next following Regular Session, at which time and place any owner of property to be benefited by said proposed project may appear and be heard in person or by legal counsel, or by any other duly authorized representative. At such next following Regular meeting of the City Council, and after hearing all owners of benefited properties desiring to be heard, the City Council shall determine whether said proposed project should be

undertaken and the manner in which, if undertaken, it should be financed.

SECTION 3. The City Clerk is directed to deliver a true copy of this Ordinance to the Jeffersonian, a newspaper published in Jeffersontown, Kentucky, with instructions that it be published in the issue of said newspaper appearing under date of March 23, 1956.

ADOPTED by the City Council of the City of Jeffersontown, Kentucky, at a regular meeting held on March 18, 1956. On the same occasion signed in open session by the Mayor, as evidence of his approval, and declared to be in full force and effect upon publication, as provided by law.

APPROVED:
JOHN T. ORLANDI, Mayor,
City of Jeffersontown, Kentucky.
Attest: Raymond J. Anderson, City Clerk.

Brush Run Road News

By Mrs. M. F. Holt

Master Jerry Carey suffered a strained ankle last week and was unable to attend school.

A birthday dinner was given for Mrs. M. F. Holt, Mrs. Anna Waldridge, Mrs. Jean Warner and children, Mrs. Sara Phillips, Mrs. Ernest Ringer and Linda, Mrs. Everett Welch, Mrs. Joe Morsey, Mrs. Lee Moody, Mrs. Everett Brinley, and Miss Martha Inman. Mrs. John Mosley, Mrs. Paul Broder and son spent Wednesday in Depau, Ind., with Mrs. Paul Burns.

Supper guests of Mr. and Mrs. Harvey McGrunder Friday night were Mrs. M. F. Holt and Mrs. J. C. Waldridge and family.

Master Charles Carey celebrated his fourth birthday anniversary Saturday afternoon with a party. Those to enjoy the occasion were Misses Joyce Warner, Charles Carey, Joyce Holt, a Charles prize. Each one left wishing Charles many more happy birthdays.

All day visitors Sunday of Mrs. John Mosley were Mr. and Mrs. Morris Snider and children, Mr. and Mrs. Ernest Fox and family and Mr. and Mrs. Johnnie Mosley and family.

Mrs. Jean Warner and children spent Sunday with Mr. and Mrs. J. D. Warner.

Supper guests of Mr. and Mrs. J. D. Warner Saturday night were Mrs. M. F. Holt and Mrs. J. C. Waldridge and family.

Little Brenda Shake has mumps. Mr. and Mrs. Paul Oritton and daughters visited Mr. and Mrs. Ambrose Carey and Janet Saturday night.
